2025 Grammy-nominated music video · UK MVA nominee, Best Styling

PROFILE

Berlin-based costume designer and stylist with over 20 years of experience in feature films, commercials and music videos, working with international production companies and service teams across Europe and the Middle East.

From contemporary styling to entire worlds built from scratch: character costumes, period wardrobes, custom builds, ageing and distressing, large casts. I lead costume teams, work with international crews and local workshops, and take projects from the first visual concept to the final fitting, on time and on budget.
